

# FREE\* Robotic Technician Training at Tri-Rivers' RAMTEC

## YOUR FUTURE BEGINS HERE

### What is RAMTEC?

A high tech facility that uses industrial equipment to provide certified training.

RAMTEC is located in Marion, OH on the Tri-Rivers Career Center campus. The center has the most up-to-date industry standard facilities and equipment. It is supported by industry partners who have combined forces and talent to operate as an industrial robotics advanced manufacturing center in the Marion area. Industry partnerships include:

- RobotWorx
- Whirlpool
- Honda of America
- U.S. Yachiyo
- Xigent
- Yutaka
- Yaskawa Motoman Robotics
- Aerotek
- JobsOhio
- Ohio Means Jobs

RAMTEC's training is tailored to employer specifications. The facility is geared to technically train students for high-skilled jobs in:

- Automation
- Robotics
- CNC (Computer Numerical Control)
- Welding
- Industrial Maintenance

### Onsite certification training:

#### FANUC Robotics Certifications

- HTOP-Handling Tool Operation & Programming
- Handling PRO Introduction
- 2D iRVision Operation & Programming

#### Yaskaw/Motoman Robotic Certification

- Basic Programming & Material Handling

#### Parker Hydraulics

- Industrial Hydraulics Certification

2222 Marion-Mt. Gilead Rd  
Marion, OH 43302

On the Tri-Rivers Career Center Campus

*\*For qualifying individuals—Pass Background check, Drug Screening & Assessment Tests*

**Hired by  
Jefferson  
Industries**

*I've always thought robots were interesting. The RAMTEC Robotics Tech Training intrigued me. The instructor is so knowledgeable. I've learned more here in this class in three weeks than I learned in all of my high school and college classes. The fact that Marion, Ohio has this resource—with nothing else like it in the country—is amazing to me.*

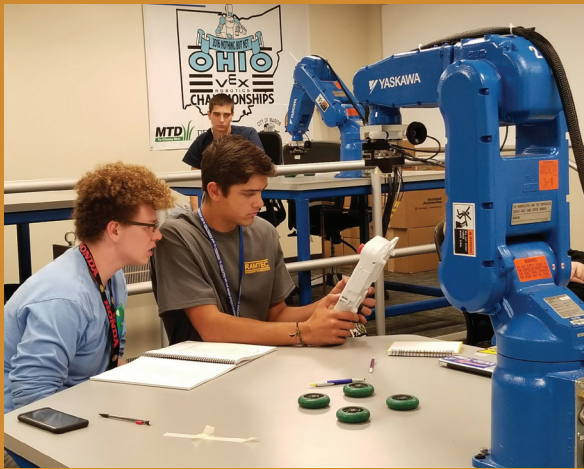

—Ian Clouse, Robotic Technician Graduate
